

A decorative graphic on the left side of the slide, consisting of white and light blue lines and circles that resemble a circuit board or data flow diagram.

**EXPLODERS**

**BLOWING OUT THE  
COMPETITION**

## IDEA

**Exploding robots with types of bombs. We are aiming for 8-20 year old people. You start the game with a stick and you hit robots. One robot drops 15 grenades. Now you get to throw grenades. You can kill more robots. This will be in the middle of a Cartoon Network show. You can tons of bombs including water bombs. It`s a game that will blow you away.**
