PIG WARS

Every pig for themselves...

We created the game Pig Wars. Pig Wars is an enjoyable game about pigs who love ice cream! However, the puppies of Dog Island have stolen all the ice cream! In this game you will train pigs to go to war! This is not a game for children 5 and below. This game will work for both boys and girls. For boys, this game has the fast paced strategizing war. For girls this game lets you care, train, and customize your armada! This game is rated PG13. Will you get the ice cream, come find out!
