

## Sponge Bob and Drift Racing

The objective of this game is to drift race against the characters of *Sponge Bob* and beat them in the races. In each level, you go against a Sponge Bob character. Some opponents have special abilities to throw you off but you do too. After you beat the characters in *Sponge Bob*, you go onto *Teenage Mutant Ninja Turtles* characters. These are bonus levels. You can also go back and beat levels you already have beaten on a higher difficulty if you want. You also customize your driving character too. Have good drift racing!

Here is our slogan: Sponge Bob is loving Drift Racing you all!

We will test the success by how people rate and enjoy it. First, we will release a beta. If people enjoy it, we will release it fully.
